**New Kids on the  
Block Market!**

**GNB<sup>®</sup> INDUSTRIAL POWER has developed two new powerful batteries in the Sonnenschein range - tailored to your individual needs and growing demands.**

**»Strong and reliable –  
Cleaning machines’  
new standard«**

**Sonnenschein GF 12 076 V**

Increasingly intensified used, cleaning machines demand reliable and robust batteries with an extra touch of power.

Displaying improved high current tolerance and significantly increased capacity, the new Sonnenschein GF 12 076 V meets the cleaning sector’s enlarged performance criteria. Its familiar dimensions and proven dryfit<sup>®</sup> Gel technology make the new Sonnenschein GF 12 076 V the reliable partner for your cleaning machine.

76 Ah (C<sub>9</sub>), 86 Ah (C<sub>20</sub>); 700 cycles\*  
330 x 171 x 235,5 mm (L x W x H); 28.8 kg

**»Compact and smart  
– The new Allrounder«**

**Sonnenschein GF 12 052 YO**

The compact-sized power pack Sonnenschein GF 12 052 YO is superbly suited for small cleaning machines and warehouse movers as well as wheelchairs.

Its high energy density and safe, female connectors allow high performance and small packaging. The reliable dryfit<sup>®</sup> Gel technology and its manifold use across light traction applications complete the performance criteria of the new Sonnenschein GF 12 052 YO.

52 Ah (C<sub>9</sub>), 60 Ah (C<sub>20</sub>); 450 cycles\*  
261 x 170 x 178 mm (L x W x H); 19.8 kg
